Recommendation of the Committee (1)	*Action taken by the Government.* (2)
4. That milkmen's colonies should be established in the outskirts of Madras City.	4. The Government have accepted in principle the need for the establishment of cattle colonies in the outskirts of the Madras City. To begin with the Government have sanctioned the establishment of a cattle colony at Madhavaram near Madras on an 600-acre plot for accommodating 4,000 milch animals during the Second Five-Year Plan period. Orders for the construction of necessary buildings for accommodating the first unit of 500 milch animals have already been issued and work has commenced.
5. (*a*) For the reasons stated in the report the Committee is not in favour of restricting coffee hotels and other establishments to use skimmed milk powder only ; (*b*) that the proprietors of coffee hotels however may be compelled to purchase milk only through one of these organised societies under conditions which would ensure proper care being taken in the supply of wholesome and clean milk.	5. (*a*) and (*b*) The Government have ordered that there need be no compulsion on hotels and that it may be left to hotelkeepers to use any milk they like in the hotels.
